

## A WORD FROM THE MAYOR

DEAR MAGALASSIANS,

*At the end of spring we returned to controlled freedom; let's stay vigilant but take advantage of the good weather ...*

*Our municipal team is always at work: the cleaning of the village and the grasses in the lotissements and in the centre of town are being kept under control.*

*Many of you have spotted the changes as not a day goes by that we are not congratulated on our work. Thank you !!!*

*The work is going well; We have obtained two awards from the Region and the State: the first the «Bourgs-Centers Occitanie» from the Region and the second «Small Towns of Tomorrow» from the State. These accolades will allow us to be accompanied and supported throughout our mandate.*

*These acknowledgements warm our hearts ...*

*On the following pages, you will find the program of festivities planned for this summer (pages 2 & 3) but also information on the procedures for the departmental and regional elections on 20 and 27 June (page 4)*
